

Sizzling Platter Value Passport Rewards Card

Frequently asked Questions

Q. How do I earn points?

Answer:

You get 1 point for every dollar you spend on food, non-alcoholic beverages, or mercantile at Sizzling Platter, LLC restaurants. Points are not awarded on tax and gratuity but on the subtotal of your purchase. For example, if the subtotal of your purchase is 12.51 then you would earn 12.51 points for that purchase. And for every 350.00 points you accrue, you'll qualify to receive a \$25 food gift certificate. There is no limit to the number of points you can earn and your points will never expire. Points will accrue every time you dine, as long as you present your card at the time of payment. You just need to be the one paying the check.

Q. Where can I earn points?

Answer:

To find participating locations, please visit www.sizzlingplatter.com. Click on "locations" and enter your zip code. Please note that Dunkin Donuts and Little Caesars are currently not part of the Value Passport program so your card will not work at any of those locations. Sizzling Platter is a restaurant management company so we operate franchise locations of some national brands and therefore value passport points can only be earned at select stores.

Q. What are lifetime points?

Answer:

Lifetime points are the total points you have earned since you started the Value Passport program. Lifetime points consist of both redeemed points and current points.

 - Click “transactions”.
 - Click “add points manually”.
 - Enter in the information from your receipt. Please make sure you are entering the subtotal (pre-tax) amount. If you are entering information for a store that has a two digit store number such as 80 you will need to add a zero before that store number such as 080.

2. **E-mailing** us at valuepassport@splat.com. With the store number, date of purchase, subtotal amount and ticket number.

After 48-72 hours the 0 will then change to reflect the points you entered for that visit. After 72 hours, if a 0 still shows for that transaction then it is either a duplicate transaction (already in the system) or some of your receipt information was entered incorrectly.

Answer:

1. Please log into Valuepassport.com with your username (e-mail) and password

Q: My receipt said I was almost at 350.00 points and then my points suddenly dropped. Did I lose my points?

Answer:

No, you did not lose your points. Your receipt will only show you how many points you have working toward your next reward. So if you were close to 350.00 points and your points suddenly dropped then it is likely that you qualified for a reward certificate and your receipt is now showing you how many points you have working toward your next reward even though you have yet to request that your reward be mailed to you.

***Please note that some of our locations are able to give you a copy of your receipt with showing you how many points you. Please be aware that since it take 48-72 hours for your points to post to your account, your receipt will only show you the points you have working toward your next reward and does not include that days transaction(s).
